*At-Large Director*

To our members and friends,

In light of EO 2020-21, the MB&WWA office will be closed starting at 5:00 pm, March 23, 2020.

That said, we will remain open for business. We are all prepared and now set-up to work from home. Please continue to contact staff in the same manner that you have in the past. All of us have access to our work email and will either have calls forwarded to our cell phones or have voicemails transmitted to us via email. Therefore, calls will get answered or returned in a timely manner. We have access to the materials we need to serve you, whether it is an Association, Services Inc., or a Employee Benefit Trust question.

Due to the fact that staff is spread out across the Greater Lansing Area and can't communicate with each other as easily, we may be a little slower in getting answers to your questions, but you will get them!

During this pandemic, we encourage members to be good corporate citizens and to keep public health and safety in mind. Especially as it relates to alcohol consumption and promotion. Unless otherwise communicated, all alcohol laws, rules and regulations remain in effect. In recent communications with the Association, the MLCC has made it clear that those who violate the law during this crisis risk having a total revocation of their license. If you have questions, let us know and we will get to the bottom of it. This is one instance where asking for forgiveness may not be preferable to acting first.

We will continue to provide updates to members as we get them and serve as a resource. In the meantime do what you can to remain safe and protect your employees who are out there representing you during this crisis.

Thank you !

Spencer Nevins, President
